Subject: RE: Examples of 319 grants matched by OWEB dollars

Alan,

Yes, we have a number of actual 319 grant projects that were matched with OWEB funds. I'll send you several.

The devil is, however, in the details; a certain OWEB \$\$ might have been identified as non-federal match in the proposal/application, but other in-kind (more common) or non-federal cash (less common) match was used. So to get accurate estimates, one has to look at the sources of non-federal match actually reported (i.e., invoices).

Cheers, David

Subject: Examples of 319 grants matched by OWEB dollars

Hi folks,

I am trying to identify examples of where OWEB dollars were used as match for 319 projects. Do any of you have a couple of examples you could share with me? This is a question raised by one of EPA's HQ folks.

Your help in addressing this question would be greatly appreciated.

Alan
